

A bronze statue of a young girl with her arms outstretched, standing in a field of yellow Black-eyed Susans. The statue is positioned in the center of the frame, with its arms spread wide. The girl has curly hair and is wearing a short, sleeveless dress. The background is a dense field of yellow flowers, with some purple flowers visible in the distance. The lighting is bright, suggesting a sunny day.

CRAFTSMEN

A KENNETH LYNCH & SONS COMPANY

A message to our customers:

When Florentine Craftsmen opened its doors in New York City more than 90 years ago, it was to offer Americans the finest in hand-crafted garden statuary and ornaments, fountains, gazebos, outdoor furniture, planters, and urns – all in the proudest traditions of European workmanship.

Our product line is based on original designs and molds developed by Florentine Craftsmen founder Vincent Primavera. Mr. Primavera was an Italian émigré and artisan who founded the company in New York City in 1915.

Today we continue the tradition and uphold the same vision, standards, and method of production set by Mr. Primavera. We take great pride in our work, having never fractionalized on the talent or time it takes to maintain a process of superb craftsmanship.

The Florentine Craftsmen product line is handcrafted on premises in our New York facility using the finest materials of lead, bronze, wrought iron, cast aluminum, and stone. By design, Florentine Craftsmen has remained a small company. This is an advantage to our customers, as products are not mass-produced. Our clientele include many of the nation's leading landscape designers and architects.

At Florentine Craftsmen, we are committed to providing the highest quality products and best possible service to each and every customer. We value your business and will do our utmost to ensure your relationship with us is a long and satisfying one. I invite you to call me for more information or with any questions you may have about our product line.

Maria Lynch Dumoulin, *Vice President of Manufacturing*

SIGNATURE CREATIONS AND CUSTOMIZED DESIGN

What truly separates Florentine Craftsmen from other companies is our ability to customize or modify almost any product in this catalog. Whether you simply want to modify a chair back with one of our many designs, or if you want to provide us an original design motif, we can produce a

product that is unique and exquisite. We work with you to create original, estate quality pieces based on your vision and our collaboration.

Florentine Craftsmen are also experts in restoration and repair of metal furniture and works of art.

A PROCESS THAT STANDS THE TEST OF TIME

Quality in workmanship in the old world tradition is characteristic of the Florentine Craftsmen process. Our skilled artisans continue to uphold the method of producing the finest furniture and garden statuary in the world, reflecting unsurpassed craftsmanship and attention to detail.

The method for the creation of a Florentine Craftsmen work of art is highly meticulous, involving the pouring of materials, grinding, chiseling, welding and painting. The materials, as well as the construction, have never been compromised. Quality control is paramount. A piece is complete after the artisan and president inspect every last detail. Only then is the Florentine Craftsmen signature of approval applied.

FURNITURE

The Florentine Craftsmen Difference

There is simply no other furniture like Florentine Craftsmen furniture. Our designs are genuine and classic, crafted to outlast new trends and stand the test of time.

PREMIUM WELDED COLLECTION

The pieces in the welded collection are laden with detail and look distinctly modern – almost a century after the designs were cast. EXCLUSIVE EDITH BARRETTO PARSONS BRONZE COLLECTION

These delightful bronze sculptures by Edith Barretto Parsons are available in authorized limited editions. The copyright has been passed on through the maternal line, and Mrs. Parsons' granddaughter oversees the line, ensuring the accuracy of each casting. The sculptures are cast using the lost wax method, and various patinas are available.

Edith Barretto Parsons (1878 - 1956) studied at the Art Students League of New York under J. Twachtman, Daniel Chester French and George Gray Bernard. She was a member of the National Sculpture Society and the Association of Women Painters and Sculptors. Her works include: Pediment, main entrance to Liberal Arts Building, St. Louis Exposition (1904); memorials in St. Paul, Minnesota, Memphis Tennessee, and Summit, New Jersey; numerous portraits and garden sculpture including Joy Fountain, Frog Baby (at Brookgreen Gardens, Brookgreen, SC), Duck Baby (at Harkness State Park, New London, CT), Turtle Baby (at Cleveland Museum of Art, Cleveland, OH), Baby Pan (at the Washington Cathedral, Washington, DC).

FINISHES

Select from any of the finishes shown to complement your décor or garden setting. Most Florentine Craftsmen statuary items are made of lead and can be enjoyed in their natural oxidized state. Upon receipt of your statuary it will have a dark charcoal gray hue. Once placed out of doors the rain will streak and lighten it to a pale ashen gray, giving it the look of a treasured antique. Should you select to add a painted finish to your statuary a 10% premium will be added to the list price. There is no charge for finishes on furniture and fountains. All finishing is completed by hand, therefore colors may vary slightly.
